Oakwood Asia Pacific

ASIA (30 May 2011) – Oakwood Asia Pacific, has become the first serviced apartment brand in the Asia Pacific region to develop a unique mobile application for their guests to use. A leading provider of furnished and serviced apartments, Oakwood is launching its Oakwood Neighborhood iPhone app to mark the beginning of the Oakwood Neighborhood regional campaign and website, that offers many exciting initiatives lined up for the year ahead. Revolving around the concept of connecting guests and residents with their "Oakwood Neighborhood", the mobile app will provide exclusive local knowledge on essential shops, restaurants and bars as well as local schools, banking facilities, transportation and hospitals situated in the immediate neighborhood of Oakwood Asia Pacific properties.
